

Discover Brussels by the water and guided walk through the domain 'Trois Fontaines'

Guided boat trip

10h00: boarding (Sainctelette / av. du Port 6 - Brussels).

10h15: departure of the guided boat tour through Brussels and the Northern area.

From the water, you discover a canal environment in full transformation. In addition to existing historical monuments, new commercial complexes, museums, a cruise terminal, beautiful lofts and recreation areas rise from the ground. Also in Vilvoorde, the canal is the place to be with a new district and a boardwalk to the water. We sail through the Green Belt along Grimbergen, Kapelle-o/d-Bos and Zemst. Here, nature has the upper hand. Meal on board.

Domain 'Trois Fontaines'

14h00: arrival by boat in Vilvoorde and guided walk in the surprising domain 'Trois Fontaines'. In the shadow of the big city, you'll explore one of the oldest and most beautiful English parks in Belgium. You walk along slightly undulating grassy plains and ravines, you will discover unique tree species and find shade in the garden walks. The historic carriage house and the hunting lodge were beautifully restored and are located by a French and Japanese garden. Coffee break possible at brasserie 'Drie Fonteinen'.

16h30 (+/-): end of the visit - return by own means.
