

• Rent a ship •

for an event, a party, an excursion

with your family, colleagues, company, association, or with other groups

More than 35 years of experience:
your event is in good hands

Since 1985, Rivertours has been turning any corporate or private event into an unforgettable experience! We work with strictly inspected passenger ships, experienced skippers who know the Belgian inland waterways like the back of their hand and catering operators who offer quality for a fair price. That makes your river cruise with us reliable and affordable. Afterwards, you and your guests will remember this unique experience for a long time.

A *private party* on a ship

As the landscapes glide past, Rivertours offers a unique venue to celebrate a wedding, birthday, communion, or any other party. Everything from the meals and beverage formula to the cruise program and the room furnishing is completely tailored to your wishes. Together, we'll make it an extraordinary celebration!

A *corporate event* on board

A meeting, networking event or team building with a view of the water and its surroundings provides a special experience for you and your employees. Rent a ship as an event venue and discover the endless possibilities of a river cruise: it will definitely be worth repeating!

Taking your *association* on a trip

It can be quite the challenge for an association to find an entertaining outing that has both active visits and calmer moments. A Rivertours cruise - complete with nautical guide and tasty meal - combines welcome resting points with another activity of your choice!

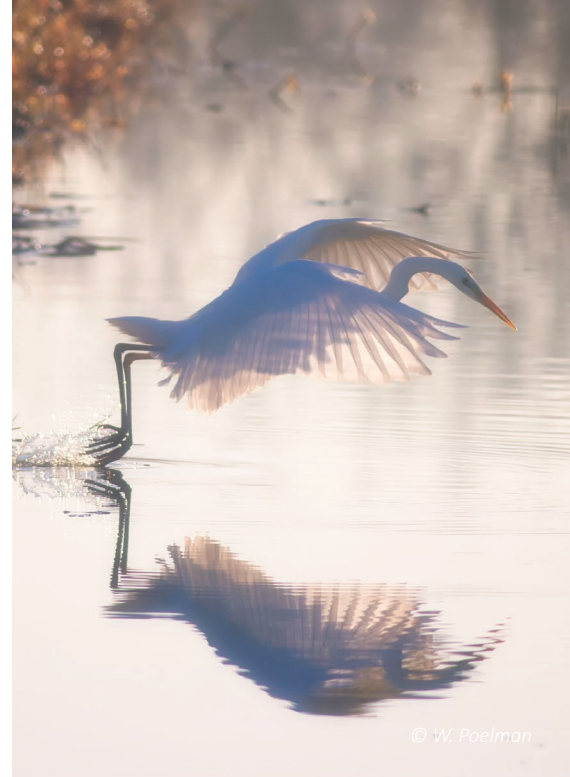

A *customized* boat tour

Are you dreaming of a creative project at a special location, an event at several locations or over several days? We offer a tailor-made product and will gladly discuss together how we can concretize and realize your idea. Challenge us and we will make it an event to remember!

A *farewell* on the Scheldt

Even during more difficult moments, Rivertours offers a professional framework for farewell ceremonies in the serene setting of the meandering Scheldt, aboard the ships Mozart, Katima and Verdi. We will discuss your wishes with discretion and ensure a dignified and memorable farewell to your loved one.

Got something else *in mind?*

Rivertours gladly welcomes you to explore our ships together. We will make an appointment to discuss how we can make your event run smoothly and provide a package tailored to your needs and budget. Our cruises can be easily combined with peripheral activities like visits, hikes, or even bike tours.

Beverages on board

On board, Rivertours offers a wide selection of beverages. Several formulas are available for settling the drinks consumed:

- have all consumed drinks noted and pay the total sum;
- provide drink vouchers for your guests and pay the total sum;
- each guest on board pays for their own drinks;
- choose a specific drinks package.

We are happy to discuss which option is most suitable.

Catering on board

Our own Rivertours caterers offer cold dishes, grilled food, sandwiches, croissants and pie.

We also work with various external caterers who offer a wide choice of menus with table service, walking dinners, regional dishes, dishes with an exotic touch or contemporary world cuisine. You will find an overview of all the caterers and their offers on our website.

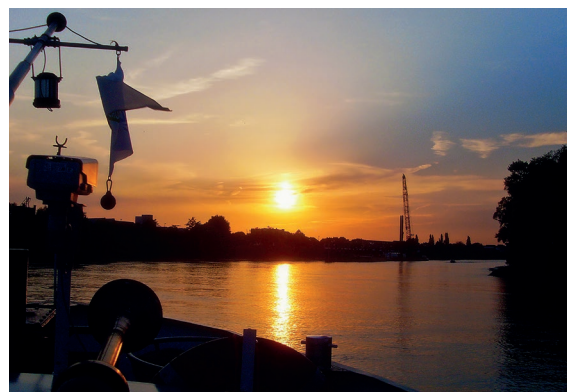

Would you like to bring your own caterer? You can!
Check our conditions on rivertours.be.

Our sailing regions

Do you want to relax to the rhythm of the Scheldt? Or do you prefer to sail along remarkable ship elevators? Would you like to float along the peaceful Leuven-Dijle Canal, sail between Brussels and its Green Belt, discover Antwerp and its booming port, or be amazed by the idyllic Dender?

Whenever possible, Rivertours will adapt the embarkation point to your wishes.

Our Rivertours ships can welcome 30 to 300 guests. Each ship has its own atmosphere, setting and décor and is equipped with a bar, as well as audio and multimedia equipment.

We set out from various embarkation points, with or without catering.

Prices and conditions on **www.rivertours.be**
