Last update: 05-03-2024 | Subject to changes in price

It is recommended that every caterer comes to see the boat and the infrastructure in advance.

If you come on board with your own caterer, a fee of € 12,50 p.p. is due (TVA incl., with a minimum of 25 pers.).

This fee includes:

- loss of profit;
- use of water and electricity (220 V supply, don't switch on too much at the same time as the electricity is produced by a generator);
- the caterer himself brings all his equipment for the preparation of the meal, as well as plates and cutlery;
- garbage bags, detergent and kitchen towels must also be brought by the customer;
- the kitchen and the used infrastructure are left neat and tidy.
